ORDER:

The Engineer-in-Chief (R&B), State Roads, Hyderabad in his letter 3rd read above has informed that because of heavy rains and unprecedented floods during first week of October 2009 the road was completely submerged nearly for three days and damaged badly. The stretch from km.7/4 which passes through the Rayalaseema Alkalies Ltd., and Rayalaseema Co-Zen power plant has got intensively damaged with deep ruts to the extent of irreparable shape. Further the right of way at this stretch is very narrow. Due to this public and vehicular traffic is facing lot of inconvenience. The public of the villages viz., Gondiparla, Doddipadu, Poolthota, Kasapuram and Devamada have requested to form an alternate road bypassing the factories for free and smooth flow of vehicular traffic and the MD., of Rayalaseema Alkalies and Allied Chemicals has agreed to offer the land for forming the alternate road at free of cost. The length of alternate road is 1/50 km (deviating at km.5/7 and joins at 7/350) which is less than by 150 mts of the existing road. Instead of improving the existing road, new alternate road may be formed at same cost.

2. The Engineer-in-Chief (R&B), Roads, Hyderabad, has also requested for providing funds for taking up the work for forming alternate road in the land provided at free of cost by the MD., Rayalaseema Alkalies and Allied Chemicals and also due to fact of length of alternative road is 1.50 kms which is less than by 150 mts of existing road and can be formed at the same cost, so as to take up the work in the alternate road, and also requested for administrative sanction for Rs.500 lakhs.

3. Government after careful examination of the matter, hereby accord permission for taking up the work for forming alternate road in the land given free of cost by the MD., Rayalaseema Alkalies and Allied Chemicals, and also administrative sanction for Rs.500.00 lakhs (Rupees five hundred lakhs only) by providing additional funds under PLAN
